## Key Housing Development Series 2024

### What Is It:

The Bowls Wellington High Performance Group have agreed to run a new Development series over the first half of the season to help players progress their game and become better players. This midweek event will consist of 21 Men and 21 Women who will be split up into 3 random squads (7 players) and pitted against each other over the series. Each Squad will be appointed a Bowls Wellington High Performance Coach and work with that coach to develop their skills and play in the series. This series is not a “Rep Trial” or selection event, it is a tool to help improve development players skills in Wellington.
